

DEATHS DURING THE YEAR 1919

Names of White Adults Who Have Passed Into the Great Beyond

NO PLAGUE THIS YEAR

Today's Mortuary List Far Short of That of 1918, When the Deadly Flu Prevailed

As has been the custom during nearly forty years, the Gazette today, the last of the year, prints the names of white adults (that is all that have come to our notice), who have passed into the other world during 1919. Our list last year was the largest we ever called upon to print, as during the fall months the fatal Spanish influenza prevailed and carried off many of our people. That awful visitation which placed crape upon so many doors will long be remembered. The war was over, but the angel of death left the zone where so many had fallen in the clash of war and cast his shadows upon the western hemisphere. During his visit he laid some low almost at the north pole and made his power felt as far south as Patagonia.

It had been prophesied by some physicians and others that the deadly "flu" would reappear during the latter part of the year 1919. Let us be thankful that these prognosticators are neither prophets nor sons of prophets.

The following are the names of deceased ones and the dates when they were called upon to "pass over that river without a bridge," to use the allegorical words of Bunyan's Pilgrim's Progress:

Lehighton, Pa., Dec. 31.—Having missed his train here which would have arrived at Jersey City in time to take out his own regular train there, Robert Blank, of Lehighton, a Lehigh Valley locomotive engineer, accepted an invitation by an aviator to take him down in his plane from here, and landed on Long Island an hour before his train was due to leave Jersey City for Lehighton. Banish Pain. THERE is no use talking—no one can work or play when they are not feeling well and strong. Life, without health and strength, is a mere painful, pleasureless existence. One of the most important conditions of good health is to keep the kidneys normal and active. When weak or deranged, they do not filter out of the blood the impurities that should be eliminated from the system. When these impurities remain, the blood stream is poisoned and man and sufferer result. Foley Kidney Pills. aid and assist Nature. They strengthen and invigorate weak or diseased kidneys and help them keep the blood stream pure and clean, banishing backache, rheumatic pains, and swollen joints, sore muscles, and other symptoms of kidney trouble. W. E. Fox, 198 W. Washington St., Noblesville, Ind., writes: "After suffering many months with kidney trouble, and after having tried other remedies for the same, I purchased a bottle of Foley Kidney Pills and took them. They not only did me more good than any other kidney remedy I ever have used, but they positively set my kidneys right. Other members of my family have used them with similar results."

The Reason For the Roycroft. The Roycroft is built around the idea that discriminating women want a shop personal in service with quality garments exclusive in design so moderate in price as to be well within what the average woman can afford to pay for lingerie, negligee, hose and hats of refinement. Hand-made hats in my shop are exclusive and made especially for me by Miss Tryon in her Greenwich Village shop among New York's artist colony. My resident buyer in New York is at your service at no additional cost to you. The Roycroft is the personal shop with a purpose: don't you think it fulfills its mission?
